

Sprint & Shop

A Receptive Language Activity

© Teach Speech 365

To Play: Print a shopping cart for each student. Print 1 copy of the food items for each student in the group. Cut out the food item cards and place them face up in the center of the room.

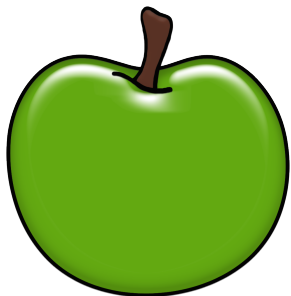

Shopping "lists" are provided on each card with 3-4 items. The SLP/teacher reads the "list" aloud and the students must sprint to fill their carts with the correct items. Since the lists are in picture form, non-readers can take turns reading the lists for their peers.

- pg. 3: shopping cart
- pg. 4-6: food items to put in center of the room
- pg. 7-12: lists with 3 items (36 cards)
- pg. 13-18: lists with 4 items (36 cards)
- pg. 19-20: lists with descriptions of items to buy (12 cards)
- pg. 21: blank cards
- pg. 22: companion worksheets
